Lecture by Christoph Ingenhoven, Oskar von Miller Forum

Date
20.01.2022

supergreen® Lecture by Christoph Ingenhoven, Oskar von Miller Forum, Munich supergreen® encapsulates Christoph Ingenhoven's understanding of green architecture. It is a holistic system of insights and aspirations for future-oriented construction that constantly evolves and exceeds the highest applicable standards wherever possible. In his lecture, he will share insight into his design approach, from his global vision to his obsession with detail. Select projects will be highlighted, including Marina One in Singapore, Stuttgart 21, and Kö-Bogen II in Düsseldorf. Thursday, 20 January 2022, 6:30 pm Livestream: www.ovmf.de (no registration required)
