Architecture MasterPrize 2021 – Kö- Bogen II, Best of Best in Green Architecture

Date

02.11.2021

Our Kö-Bogen II project in Düsseldorf was honoured with the Architecture MasterPrize 2021 in the Green Architecture category with the 'Best of Best Winners' award. This special category recognises projects that have received the highest score in all categories.

Each year, the MasterPrize announces the best architectural projects, firms, products and photographers in the industry. With a focus on creativity, innovation and design quality, projects are praised at the highest level.
